HOTELS/ACCOMMODATIONS

Accommodations are extremely limited in the Williamsport area during the World Series. Information on hotel accommodations may be obtained by visiting LLBWS.org and clicking the “Hotels” link under the “Visitors” tab.

PARKING

The parking area (Lot “S”) for the media covering the World Series is located at the Little League International Complex off of Stadium Drive, which can be accessed from Mountain Ave. (see map on back) in the available lots. A Media Parking Pass is required, and may be obtained from the Media Credential Pickup Area at Lamade Stadium. NOTE: The first time you park, please use the temporary access pass that is emailed to you. The name on the pass must match your photo ID. Limited temporary parking will also be available while you pick up your credentials. Parking is very limited, so an early arrival is suggested, particularly for night games and games later in the tournament. Overflow media parking may be required in public parking areas.

SATELLITE TRUCK/PACK PARKING

Members of the media that have requested, and have been approved, for satellite truck parking with a vehicle that has a fixed satellite, are permitted to park in the designated lot near the loading dock of Little League Headquarters. Television stations utilizing satellite backpacks, or portable satellite broadcast equipment, are permitted to park in the designated lot in the area above the ESPN Compound only during the time of their broadcast. This space is a first-come, first-serve area and should only be used for portable satellite stand-up hits. Media members are asked to return to the general media parking if they are not actively broadcasting a segment.

ARRIVAL

Upon check-in, you will be required to produce documentation to show that you are a member of the working media as well as a photo ID. After you have
received your credentials at the Media Credential Pickup Area, you may want to familiarize yourself with the surroundings. The Media Relations Staff will help with anything you may need.

(Note: Photographers and videographers will need to sign a statement detailing the conditions under which they will receive credentials.)

**CREDENTIALS**

Media credentials are not transferable and cannot be issued to anyone under the age of 18 or to anyone who has not consented to a criminal background check. Anyone wishing to pick up their media credential MUST have a photo ID (i.e., press cards or government-issued ID) in order to receive their credential. All media credentials are coded to indicate the type of media you are representing. Photo credentials are printed with specific access details.

**TEAM INFORMATION**

Little League personnel will guide each team, in uniform, through a pre-World Series information gathering process that includes team and individual photographs of every player and coach, height and weight measurements of every player, and basic information on every player (proper spelling of name, uniform number, defensive positions and bat/throw information). Due to the tight pre-World Series schedule for participants, this process is closed to all media. However, the photographs and information gathered will be provided to the media prior to the start of the World Series.

**ONE-ON-ONE PLAYER INTERVIEW REQUESTS**

Members of the media wishing to conduct one-on-one interviews with players must first obtain the consent of the team manager or coach, who must be present throughout the interview. The press box announcer will announce all changes.
POST-GAME PRESS CONFERENCE

Approximately 10 minutes after each game, credentialed members of the media are invited to a post-game media briefing held in the Media Center Interview Room. The Little League International Communications staff will escort the manager/coach from the losing team into the Interview Room first, followed by the manager/coach and select players of the winning team. NOTE: The manager/coach of the losing team can opt out of the post-game press conference. Videos of all press conferences will be available on LLBWS.org and emailed in the Daily Digest.

NOTE: Players from the losing team WILL NOT be included in this briefing. They may be interviewed separately, but only one hour after the game with a request submitted to the security staff at Grove Gate B. No interviews will be permitted outside of the Media Interview Room at any time.

More than 6,500 teams, approximately 6,000 teams in the U.S., begin the tournaments in the Little League Baseball division. About 6,000 are eliminated in the first three weeks of play. About 45,000 games are played in seven divisions leading up to the various World Series tournaments. More than 16,000 of those games are played in the Little League division, the equivalent of more than six Major League Baseball seasons.

District: This is the first level of play. Most district tournaments begin around the first week of July, lasting from one to three weeks. Some large districts, or those made up of widely dispersed teams, play in area tournaments before advancing to a district final or semifinal. Some district tournaments are played in a modified Olympic Pool Play format.

State, Province, or Country: This is the next major level of play. However, in some states, provinces, or countries where there are many leagues, a sub-tournament is played, usually referred to as Sectionals. State, provincial, or national tournaments are generally played around the last week of July or the first week of August. Most of these tournaments are played in a standard double-elimination format.

Region: This is the third level. However, there may be one or two pre-regional tournaments (Section or Division Tournaments) played in some areas before advancing to the regional level. Regional tournaments are usually played in the first or second week of August. Most are double-elimination, but a few use the modified Olympic Pool Play Format.

World Series: This is the final level of tournament play. There are seven World Series tournaments played in the Little League program: Little League Baseball, Little League Intermediate (50/70) Baseball, Junior League Baseball, Senior League Baseball, Little League Softball®, Junior League Softball, and Senior League Softball.
The Little League® International Tournament is the premier youth baseball and softball competition in the world. Tournament play is regarded as an important supplemental phase of the Little League program. There is no obligation on the part of any league to enter the tournament, but a majority participate annually.

Little League Baseball® Tournament teams are made up of players selected from among the Major Division teams in local leagues. The maximum number for a roster is 14 Little League age (10 to 12 years old) players. Little League age is the age attained by a player as of April 30 of the year in question for children born between May 1, 2004 and April 30, 2006; and as of August 31 for children born between May 1, 2006 and August 31, 2007. Managers and coaches are also selected from the membership of local leagues.

There are eight regions represented in the United States and eight International regions. Tournament play is conducted through the various levels to ultimately determine regional champions. Each regional champion is invited to participate in the World Series in South Williamsport, Pa.

Thanks, in part, to the support of Little League’s official sponsors, there is no fee of any kind for any team in the Little League Baseball World Series. Little League International pays all of the expenses for all teams, including travel. While at the Series, the teams are housed in dormitories on the complex, and food is provided - all at no charge. All teams are provided with identical accommodations.

Additionally, every local Little League program in the United States with a team that travels 150 miles or more per one round trip to a section, state and region level tournament receives a reimbursement from Little League Baseball of $1 per mile for one round trip to each tournament site, to help offset travel expenses. Teams advancing to the regional level in the U.S. receive an additional $200.

Little League is able to pay this because every league in the United States pays a one-time entry fee of $200 for each team entered in the International Tournament. This fund is restricted only to offsetting tournament expenses. The Little League International Tournament Travel Fund provided nearly $4 million in support to local Little League team’s participating in 2016 tournaments. This fund is also used to transport the Little League Baseball World Series teams to and from South Williamsport, Pa., and other baseball and softball World Series sites.

Additionally, volunteer tournament organizers at each of the regional levels worldwide are provided $5,000 to help offset expenses. Little League International also provides $10,000 in additional support to each of the six World Series Tournaments held outside of Williamsport.

To qualify for the Little League Baseball World Series, a team comprised of 10-, 11- and 12-year-olds in a Little League program must advance through the world’s largest elimination tournament. At the World Series in South Williamsport, the attendance is normally well over 20,000, with crowds of 30,000 or more for the championship game. A record 469,964 fans attended the 32 games at the 2015 Little League Baseball World Series, breaking the previous record of 414,905 fans that attended the 31 games at the 2011 World Series. Millions more see the games on the ESPN Family of Networks and ABC.

There is never any admission charge to attend a Little League Baseball World Series. There is limited General Public seating in Lamade Stadium, which seats approximately 3,300 and Volunteer Stadium, which holds about 3,000. Seating is always available on the famous “hill” overlooking the outfield fence of Lamade Stadium, where no ticket is required. The “hill” just beyond the outfield fence of Lamade stadium offers excellent viewing and can accommodate up to 30,000 more fans.

General Public seating for Aug. 17-24 is available on a first-come, first-served basis on the day of the game(s). General Public tickets/passes, if utilized, are not available in advance, and are available at the Will Call window on a first-come, first-served basis.

For Championship Weekend, Aug. 26-27, General Public tickets, if available, will be distributed prior to the respective games at the Will Call Window on a first-come, first-served basis and each individual in line may obtain only one ticket.

A family of four can attend the Little League Baseball World Series (with no charge for parking or admission), purchase a souvenir program, and each person in the family can have a hot dog, french fries and a large soda for about $30.

The highest estimated attendance for a Little League Baseball World Series game was also set in 2015. The single-game record was eclipsed at the U.S. Championship Game between Red Land LL (Mid-Atlantic) and Pearland East LL (Southwest) with approximately 45,716 people in attendance. The World Series Championship Game attendance record was set in 2001, when National Little League from Apopka, Fla., played Kitasuna Little League from Tokyo, Japan, in the championship game before 44,800 people. Exact figures are not available since tickets are not required for most fans and there are no turnstiles.
**LITTLE LEAGUE BASEBALL® WORLD SERIES UMPIRING CREW**

Appointment as a member of the umpiring crew for a World Series is the highest honor that Little League® can bestow on a volunteer umpire. The selection process to become a Little League Baseball® World Series umpire is lengthy and rigorous. The process begins with a recommendation from the District Administrator, within their district, to umpire in a Little League Regional Tournament. Little League’s nine regional offices then consider all nominated umpires before selecting those who most closely meet the selection criteria. The umpires volunteering at each Regional Tournament are then evaluated and can receive one of two recommendations: Recommend working another Regional Tournament or Recommend a World Series assignment.

Once an umpire has earned a World Series recommendation, the umpire must indicate that they wish to be considered further and are then screened annually by Little League International and Regional staffs for selection to umpire in a Little League World Series tournament. Here are the 16 dedicated volunteers who have been chosen to work the 2017 Little League Baseball World Series.

Every year, the focus of the Little League Baseball® World Series is placed squarely on the players from the 16 teams that come to South Williamsport, and it is up to the 32 team hosts and seven utility hosts to make sure those players have a Little League® experience that lasts a lifetime.

Two team hosts are responsible for ensuring that each team is on time for games and practices, arranging their team’s uniform fittings, helping with the coordination of the media activities, and making sure that many other daily tasks go smoothly for the players, coaches, and managers. The seven utility hosts assist in all other day-to-day activities.

The hosts forge a lasting bond with their players, coaches, and managers over the course of the Little League Baseball World Series, and many stay in touch after the World Series is over. The number of years the individuals have volunteered as a team host is in parentheses after their name.

The format for the 2017 Little League Baseball® World Series is divided into two distinct phases:

**Phase One** consists of Game No. 1 through Game No. 26, plus two consolation games.

**Phase Two** consists of four games: Game No. 27 through the World Championship Game.

Once Phase One has been completed, any losses in that phase have no bearing on the second phase. However, pitching records will carry over to the second phase.

The 16 teams are divided into two brackets: eight teams in the International Bracket and eight teams in the U.S. Bracket. Each bracket follows the same two-phase arrangement. Home and visitor designations are determined by a coin toss, unless the game is between an undefeated team and a team with one loss. Then, the undefeated team has the choice of being home or visitor.

### PHASE ONE

In Phase One, the two brackets follow a double-elimination tournament structure. For the four teams that lose their first two games, two “crossover” consolation games are scheduled where U.S. teams will play International teams. Both of these games are televised, giving all teams in the Little League Baseball World Series at least three televised games.

In a standard double-elimination tournament, the team coming out of the losers’ bracket, which would have one loss, would have to twice defeat the winners’ bracket finalist in order to advance. However, under the modified format, Phase One ends with the final game of the losers’ bracket.

There is no “if-necessary” game in either bracket. Instead, the winners’ bracket finalist and the losers’ bracket finalist are the two teams in each bracket (for a total of four teams) that move on to Phase Two.

### PHASE TWO

This phase (Game No. 27 through the World Championship Game) features a simple four-team, single-elimination format. Games won or lost in Phase One have no bearing on Phase Two.

In Phase Two, the two remaining teams in the International Bracket play a single game for the International Championship, and the two remaining teams in the U.S. Bracket play a single game for the U.S. Championship.

The two losing teams in the International and U.S. Championship games will play in a Consolation Game.

The winners of the International and U.S. Championship games play a single game for the Little League Baseball World Championship.

LITTLE LEAGUE® FAST FACTS
Most of the rules that govern play in Little League Baseball® are the same as those used at other levels of play. But, there are a few rules that you will find only in Little League Baseball. What follows is a short explanation of some of the more prominent rules that are specific to Little League Baseball.

PITCH COUNT

Pitchers removed from the mound may not return as pitchers. The manager must remove the pitcher when said pitcher reaches the limit for his/her age group (see below), but the pitcher may remain in the game at another position.

League Age: 10 (75 pitches per day); 11-12 (85 pitches per day)

Exception: If a pitcher reaches the limit imposed above for his/her league age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: 1. That batter reaches base; 2. That batter is put out; 3. The third out is made to complete the half-inning. Note: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day. A player who catches in four or more innings in a game is not eligible to pitch on that calendar day.

Pitchers league age 10-12 must adhere to the following rest requirements:

- 66 or more pitches in a day four (4) calendar days of rest
- 51-65 pitches in a day three (3) calendar days of rest
- 36-50 pitches in a day two (2) calendar days of rest
- 21-35 pitches in a day one (1) calendar day of rest
- 1-20 pitches in a day zero (0) calendar days of rest

Note: Pitchers may complete a batter at each threshold above, including the maximum pitch count.

MANDATORY PLAY

If a tournament team has thirteen (13) or more eligible players in uniform at a game, then every player on a team roster shall bat at least one (1) time. If a tournament team has twelve (12) or fewer eligible players in uniform for a game, then every player on a team roster shall participate in each game for a minimum of six (6) consecutive defensive outs and bat at least one (1) time. There is no exception to this rule unless the game is shortened for any reason.

For the purpose of this rule, “six consecutive defensive outs” is defined as: a player enters the field in one of the nine defensive positions when his/her team is on defense and occupies such position while six consecutive outs are made; “bat at least one time” is defined as: a player enters the batters box with no count and completes that time at bat by being put out or reaching base safely.

SUBSTITUTIONS/RE-ENTRY

Any player who has been removed for a substitute may re-enter the game in the same position in the batting order.

A substitute entering the game for the first time may not be removed prior to completion of his/her mandatory play requirement.

SPECIAL PINCH-RUNNER

Twice a game, but not more than one time per inning, a team may utilize a player who is not in the batting order as a special pinch-runner for any offensive player. A player may only be removed for a special pinch-runner one time during a game. The player for whom the pinch-runner runs is not subject to removal from the lineup. If the pinch-runner remains in the game as a substitute defensive or offensive player, the player may not be used again as a pinch-runner while in the batting order. However, if removed for another substitute, that player or any player not in the line-up, is again eligible to be used as a pinch-runner.

STEALING

When a pitcher is in contact with the pitcher’s plate and in possession of the ball and the catcher is in the catcher’s box ready for delivery of the ball, base runners shall not leave their bases until the ball has been delivered and has reached the batter.

FOOT IN THE BATTER’S BOX

Starting in 2017, Little League requires batters to keep one foot in the batter’s box throughout their at-bat, barring eight exceptions provided in the rule book. If the batter leaves the batter’s box or delays play and none of the exceptions apply, the umpire shall warn the batter. After one warning on a batter, the umpire shall call a strike. Any number of strikes can be called on each batter. Individual warnings do not carry over from previous at-bats.

Note: During the regular season, local leagues were provided the option to mandate this rule. During tournament play, the rule is no longer an option and all batters are mandated to keep one foot in the batter’s box throughout their at-bat, barring the eight exceptions provided in the rule book.

INTENTIONAL WALKS

Starting in 2017, defensive teams will now be able to elect to intentionally walk a batter by announcing the decision to the plate umpire. After appropriate notification is made by the defensive manager, the ball is ruled dead and no other runners may advance unless forced by the batter’s award of first base. Once the award is granted, four pitches will be added to the defensive pitcher’s official pitch count.

Three Highly Influential Members Set to Enter the Little League® Hall of Excellence

The Little League® Hall of Excellence recognizes Little League graduates who have gone on to have successful careers in their chosen profession, as well as a positive impact in their community. There are currently 52 individuals who hold the honor of being a member of the Little League Hall of Excellence. This year, three highly influential individuals will join those ranks.

- Champ Pederson: Champ Pederson, brother to Los Angeles Dodgers’ outfielder Joc Pederson, has been an inspirational leader, motivational speaker, and a role model to many. Pederson was born with Down Syndrome, a genetic condition caused by the presence of an extra chromosome, but for this graduate of the Challenger Division at Palo Alto (Calif.) Little League, the condition never once defined who he is as a person. From playing baseball in the Little League program to competing in the Special Olympics, Champ has always been actively involved in sports and takes pride in his competitive personality, especially growing up with two brothers and a sister. For Champ, and the rest of his family, the concept of “Live Like a Champ” became a way to help share his story and empower others to step up and live a positive life, even on the toughest days. Champ and his family have also used it as a platform to raise funds in support of various causes that support individuals with physical and intellectual disabilities. With his enshrinement into the 2017 Little League Hall of Excellence, he will become the first-ever graduate of the Little League Challenger Division to earn such an honor. **Champ Pederson’s enshrinement ceremony will take place on Sunday, August 27.**

- Sydney Leroux: Sydney Leroux, a forward on the United States Women’s National Soccer Team, has long been an advocate for equality and inclusivity. Leroux, 27, may currently be a star on the U.S. soccer team, but before she was scoring goals, she was scoring runs. Ms. Leroux grew up in British Columbia, Canada, and played baseball for the Whalley Little League team from 1995-2004. She had the sport in her blood; her mom, Sandi Leroux, played third base for the Canadian national baseball team from 1995-2004. Sydney Leroux’s enshrinement ceremony will take place on Monday, August 21.

- Angel Macias: Best known for throwing the only perfect game in a Little League Baseball World Series Championship Game to date, Angel Macias has been an iconic figure in Little League history as well as a major influencer in the game of baseball throughout Mexico. Following his time in Little League, Mr. Macias went on to sign with the Los Angeles Angels where he played as an outfielder in their farm system for two years before returning to Mexico to play 12 years in the Mexican League. Being a part of the first Mexican team to play in, and subsequently win, the Little League World Series put Mr. Macias in a spot where he could help take the growth of youth baseball in Mexico to new heights. He and his teammate from that championship team, Pepe Maiz (2005 Little League Hall of Excellence Enshrinee), were active volunteers in promoting and helping the Monterrey Little League and Mr. Macias also served as the director of the Mexican Baseball Academy until his retirement. **Mr. Macias’ enshrinement ceremony will take place on August 23, the same date that he pitched his perfect game 60 years ago.**

**Four LLBWS Graduates Drafted in First Two Rounds of 2017 MLB Draft**

With a first-round (14th overall) selection of Nick Pratto to the Kansas City Royals, and a trio of second-round selections in Kevin Merrell (33rd overall, Oakland Athletics), Drew Ellis (44th overall, Arizona Diamondbacks), and Hagen Danner (61st overall, Toronto Blue Jays), four Little League Baseball® World Series graduates got to live out their dreams this year as they were selected in the first two rounds of the 2017 Major League Baseball Draft. Never before have more Little League Baseball World Series graduates been selected in the first two rounds of the MLB Draft.

More than 50 confirmed Little League Baseball World Series graduates have gone on to play Major League Baseball and there are 23 confirmed members of Series graduates have gone on to play Major League Baseball Draft. Since the launch of Little League University in November 2015, thousands of users have signed up to visit the tens of thousands of educational resources that are available. With the removal of the sign-in page, the content for District Administrators (D.A.) and Assistant District Administrators (A.D.A.s) that was once only available to those assigned to the respective roles, is now available to everyone. Just like the Parent, Umpire, Coach, and League Officials tabs, the District Admin/A.D.A tab is updated regularly throughout the year with an assortment of information that features video presentations, articles, and documents.

**Little League® Grow the Game Grants Provide Millions to Local Leagues**

In 2015, Little League® Baseball and Softball announced a $4 million plan to help local Little League programs grow the game in their communities by providing financial assistance to ensure that all children have the opportunity to have a meaningful Little League experience. The cornerstone of this initiative is the $1.8 million Grow the Game Grant Program. With different grants earmarked for general local league improvement, to support leagues impacted by a natural disaster, and to help leagues expand or establish Little League Softball®, Little League Challenger Division®, and Little League Urban Initiative programs, local Little League programs are provided much-needed funds to support their operations.

Little League International will continue to support its leagues through the Grow the Game Grant Program. Leagues can apply for grants by visiting LittleLeague.org/GrowTheGame.

**Little League® Continues to Expand Free Educational Content**

Following the one-year anniversary of the launch of Little League University (LittleLeagueU.org), a comprehensive digital education platform for parents, volunteers, coaches, and league officials, Little League Baseball and Softball has announced the removal of the sign-in portal of the website to help provide immediate access to thousands of pieces of educational content.

LITTLE LEAGUE® VOLUNTEER STADIUM GETS FRESH LOOK

Just days after the conclusion of the 2016 Little League Baseball® World Series, Little League® Volunteer Stadium was completely stripped down and given a new surface through a process known as “fraze mowing.” A well-known process used on soccer fields across Europe, fraze mowing helps clean up the buildup from the existing grass before introducing three new varieties of Kentucky Blue Grass into the field.

Following three days of digging up the old field, the Little League International grounds crew got to work seeding the new field and spent the off-season watching it grow back into the smooth new field you see today. After months of hard work and maintenance, the new field was ready for action and saw its first game play during the Little League Baseball Camp in June.
Listed below are the countries and states that have been represented in the previous 70 Little League Baseball® World Series, with the last league to advance to the tournament from that country or state and all their Championship teams. The number of appearances is listed in parentheses after the country or state name.

**MEDIA FREQUENTLY ASKED QUESTIONS (FAQS)**

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do I need a specific media credential for each day of the tournament?</td>
<td>No. The media credential provided upon arrival will last you the entire tournament.</td>
</tr>
<tr>
<td>Can I pick up media badges for the rest of my staff?</td>
<td>No. Media badges must be picked up by each individual media representative with proper photo identification.</td>
</tr>
<tr>
<td>May I bring guests (friends or family) and reserve a seat for them in the press area?</td>
<td>No. Media credentials will only be issued to approved, working members of the media. <strong>Seating is for working media only.</strong> Access to the Media Center is for credentialed media only.</td>
</tr>
<tr>
<td>Can I get a team practice schedule?</td>
<td>To receive a copy of the practice schedule, you will need to contact a team manager or coach. It is up to the manager and/or coach to disseminate the information to the media. Managers are not required to provide these schedules to members of the media.</td>
</tr>
<tr>
<td>Can I interview the players?</td>
<td>Yes. However, an adult (manager, coach, parent of player, or Little League Communications staff member) must be present at all times during the interview. No members of the media are allowed to enter any “Player Only” area, including the Grove and/or practice fields, without consent from the Little League Communications staff.</td>
</tr>
<tr>
<td>How can I contact the team manager/player for an interview?</td>
<td>In order to put in a request to talk with the team manager, or any players on that team, members of the media must put in a request to the security staff at Gate B of the Dr. Creighton J. Hale International Grove, located at the top of the stairs near the right-field corner of Lamade Stadium. Once the request is submitted to security, it will be passed along to the Team Host and/or Team Host Office to contact the manager. At that point, the manager can either accept the request and contact the media member, or deny the request. <strong>NOTE:</strong> No member of the media is permitted to enter the International Grove for any reason.</td>
</tr>
<tr>
<td>When do line-ups become available?</td>
<td>Line-ups are available one hour before each game and can be found in the Media Center on the third-base side, underneath Lamade Stadium.</td>
</tr>
<tr>
<td>Where can I find team information and rosters?</td>
<td>Team information, including roster information, is available inside the team insert that was provided to you upon arrival. The team insert provides information about each team in the Little League Baseball World Series, as well as a team photo with cutline. Team information can also be found at LLBWS.org.</td>
</tr>
<tr>
<td>When will box scores be available?</td>
<td>Printed box scores will be available following the conclusion of each game outside of the Media Interview Room, as well as in the Media Center, located on the third-base side of Lamade Stadium. Digital box scores can also be found at LLBWS.org.</td>
</tr>
<tr>
<td>When and where are post-game press conferences held?</td>
